Outdoor Lifestyle

fast

Fast nasce in Valle Sabbia nel 1995 quando la famiglia Levrangi individua nell'alluminio il materiale di elezione: leggero, versatile, duttile e sostenibile perché riciclabile all'infinito. L'azienda sceglie di sviluppare prodotti **100% outdoor** pensati per essere duraturi nel tempo, resistenti agli agenti atmosferici e completamente waterproof.

Grazie alla collaborazione con Robby e Francesca Cantarutti debutta, nel 2007, la collezione Forest, tuttora bestseller dell'azienda. È invece l'intuizione dello Studio Lievore Altherr di Barcellona che porta a sperimentare, dieci anni dopo, una nuova sensualità delle linee estetiche e soprattutto nuovi, sofisticati materiali. L'orientamento è anche verso la **customizzazione**: le competenze nella lavorazione dell'alluminio, unite a una rigorosa **produzione interna** e a un autentico **Made in Italy**, permettono di affrontare una vasta serie di personalizzazioni in termini di misure, colori e finiture.

L'**Outdoor Lifestyle** di Fast si esprime in tutte le sue declinazioni: non solo il giardino, il patio di fronte al mare, il grande parco, ma anche le piazze, le vie cittadine, le terrazze di megalopoli circondate da grattacieli. È una natura che ci impegniamo a tutelare, in un concreto approccio alla **sostenibilità**: ecco perché coinvolgiamo l'intera filiera in una ricerca continua, volta ad aumentare la longevità dei prodotti e a ridurne l'impatto lungo tutto il ciclo di vita.

Fast was established in Valle Sabbia in 1995 when the Levrangi family pinpointed aluminium as their material of choice: light-weight, versatile, ductile and sustainable because it can be recycled indefinitely. The company has chosen to develop products that are **100% outdoor**, thought to last over time, to be extremely weather-resistant and totally waterproof.

Thanks to the collaboration with Robby and Francesca Cantarutti, the brand's ongoing bestselling Forest collection was launched in 2007. On the other hand, it is the intuition of Studio Lievore Altherr from Barcelona which leads the brand to experiment, ten years later, with a new sensuality of styling silhouettes and most of all, new sophisticated materials. The orientation is also towards **customisation**: the skills in processing aluminium, combined with a rigorous **internal production** and an authentic **Made in Italy**, allow Fast to deal with a wide range of personalisations in terms of sizes, colours and finishes.

Fast's **Outdoor Lifestyle** is expressed in all its facets: not just a garden, a seafront patio, extensive grounds, but also city squares, streets, terraces in megalopolises surrounded by skyscrapers. It is a nature that we are committed to protecting, in a concrete approach to **sustainability**: that is why we do our best to involve the whole chain in a continuous research, to increase the longevity of products and reduce their impact throughout the life cycle.

ORIZON

Design Lievore Altherr

IT Natura e prestazioni s’incontrano grazie alla particolare finitura NaturAll, che ricrea la calda e avvolgente matericità del legno, con la sua tessitura fine e le sue caratteristiche venature, pur mantenendo i pregi funzionali propri dell’alluminio.
L’estetica del prodotto, che richiama quella dei tradizionali arredi da giardino in legno, si coniuga a leggerezza, praticità, resistenza al sole e alle intemperie: tutte doti che rendono l’alluminio così versatile. Sia le sedute che i tavoli Orizon sono altamente customizzabili e perciò adatti a soddisfare le svariate esigenze del contract. I cuscini – removibili e disponibili anche nella versione waterproof – aggiungono ulteriore comfort a panche, divani e chaise-longue.
La collezione Orizon comprende: tavoli dining, tavoli bassi, panche, divani e chaise-longue.

EN Nature and high performance are brought together by the unique “NaturAll” finish, which recreates warm, cosy wood, with its sophisticated texture and characteristic grain, at the same time as maintaining the functional benefits of aluminium. This product’s appearance brings to mind traditional, wooden garden furniture, at the same time as offering lightness, practicality and sun and weather resistance: all the qualities that make aluminium so versatile. Orizon tables and seats are highly customisable and are therefore able to fulfil even the most varied needs of the contract sector. The cushions - which are removable and are also available in a waterproof version - add further comfort to these benches, sofas and chaise-lounges.

WILD

Design Robby Cantarutti & Partners

IT Un nome che evoca la savana e la natura incontaminata: la collezione Wild riprende nella struttura i grafismi disegnati dai rami che nel fitto di una foresta s'intrecciano. La serie di tavoli dining, tavoli bassi, e pouf mantiene una grande coerenza formale e stilistica, donando all'ambiente un tocco esotico. L'alluminio verniciato rende tavoli e pouf resistenti al vento, alla pioggia e allo scolorimento causato dal sole. I cuscini removibili aggiungono un comfort sempre all'insegna della praticità.

La collezione Wild comprende: tavoli dining, tavoli bassi e pouf.

EN A name that brings to mind savannas and untouched nature: the structure of the Wild collection recalls the patterns of intertwined branches in the midst of a thick forest. This collection of dining tables, low tables and poufs maintains great formal and stylistic coherency, bringing an exotic touch to any room. The painted aluminium makes these tables and poufs resistant to wind, rain and colour fading caused by the sun. The removable cushions add comfort at the same time as providing practicality.

ZEBRA

Design Lievore Altherr

IT L’incontro fra la solidità del materiale e la leggerezza delle forme. Nella collezione Zebra l’alluminio pressofuso si struttura per sottrazione, con un gioco di pieni e vuoti che, illuminato dal sole, disegna sorprendenti geometrie sul terreno. La collezione Zebra, adatta per uso sia residenziale che contract, comprende: sedia, sedia con braccioli, poltrona lounge, tavolo Up&Down regolabile a tre altezze, coffee table e tavolini con piani in alluminio, alluminio puntinato e HPL.

MOAI

Design Lievore Altherr

IT La versatilità è la cifra distintiva di questa collezione di tavoli da esterno di design ispirata alle peculiari forme del pino romano. L'esilità della struttura è solo apparente: le gambe, come robuste radici, sostengono infatti eleganti piani in alluminio, gres o pietra. I tavoli Moai sono adatti a ogni contesto, sia residenziale che contract, e si abbinano a tutte le collezioni di sedie Fast.

La collezione Moai comprende: tavolo rettangolare, tondo e quadrato con top in alluminio; tavolo rettangolare con top in gres; tavolo tondo con top in pietra naturale.

EN Versatility is the distinguishing feature of this collection of outdoor garden tables, which draws its inspiration from the peculiar shapes of the stone pine tree. The slimness of the frame is only apparent: the legs – like robust roots – in fact support elegant aluminium, stoneware or stone table tops. Moai tables are suitable for any setting, both residential and contract, and can be teamed with all of Fast's chair collections.

The Moai collection comprises: rectangular, round and square table with aluminium top; rectangular table with stoneware top; round table with natural stone top.

RADICE QUADRA

Design Robby Cantarutti & Partners

IT La caratteristica forma delle gambe di questo tavolo è stata ispirata dall'omonimo segno matematico. La struttura – leggera e geometrica, in alluminio pressofuso – è completata da un piano quadrato, rettangolare o tondo, nelle varianti alluminio e da un piano rettangolare in teak asiatico stagionato. I tavoli outdoor di design Radice Quadra si abbinano a ogni seduta delle collezioni Fast, ma si ottiene un contrasto particolarmente raffinato accostandoli ai grafismi della collezione Forest.

La collezione Radice Quadra comprende: tavoli quadrati, rettangolari e tondi con top in alluminio e tavolo rettangolare con top in teak.

EN The characteristic shape of the legs of this aluminium outdoor table was inspired by the mathematical sign of the square root (Radice Quadra in Italian). The frame - which is light-weight and geometrical, in die cast aluminium - is completed either by a square, rectangular or round table top in aluminium or by a seasoned Asian teak top. The Radice Quadra tables match all the seats in the Fast collection, but a particularly sophisticated contrast is achieved if you team them with the graphic appeal of the Forest collection.

The Radice Quadra collection comprises: square, rectangular and round tables with aluminium table top and rectangular table with teak top.

GRANDE ARCHE

Design Robby Cantarutti & Partners

IT Forme solide e squadrate per una coppia di tavoli in alluminio per esterni capace di soddisfare tutte le esigenze di arredo, in ogni contesto. La collezione Grande Arche, in alluminio verniciato, comprende un tavolo fisso, un tavolo allungabile e una panca. Nella versione allungabile del tavolo è possibile giocare con il contrasto cromatico: oltre alla prolunga di serie (nello stesso colore del tavolo, alloggiata sotto il piano) è disponibile una seconda prolunga di colore diverso, che dà origine a combinazioni inattese.

EN Sturdy and squared shapes for a pair of tables capable of satisfying all furnishing requirements, whatever the context. The Grande Arche collection, in painted aluminium, comprises a fixed garden table, an extendable garden table and a bench. Attractive colour contrasts can be achieved in the extending version: in addition to the standard extension (in the same colour as the table, housed under the table top), a second extension in a different colour is available, to create unexpected combinations.

FABRICS

IT Facciamo dialogare l’alluminio con tessuti e colori, per reinventarne il carattere: 4 palette, ispirate a 4 modi diversi ma complementari di vivere l’outdoor.
La prima declina gli azzurri e i blu del cielo e del mare, mentre la seconda esplora l’abbinamento con le tonalità terrose dei bruni e degli ocra. Le ultime due introducono come base il rosa da accostare ora a toni polverosi e freddi, ora al ruggine e alle calde venature del legno.

Gli abbinamenti che rappresentano il cuore delle nostre collezioni sono però quelli in armonia con l’ambiente dove i nostri prodotti si collocano. In natura, le coppie cromatiche sono sempre perfette e in equilibrio e mai un accento è fuori posto. Non vogliamo interrompere o sfidare il paesaggio, ma armonizzarci con esso.

EN We combine aluminium with fabrics and colours, reinventing the character of each piece: 4 colour schemes, inspired by 4 different yet complementary ways of experiencing outdoor life. The first conveys the various blue shades of the sky and the sea, whereas the second explores earthy brown and ochre combinations. The remaining two introduce pink as a base colour alongside either dusty and cold shades or rusty shades and a warm wood effect.

The combinations that lie at the heart of our collections are those that blend in with the environment where our products are used. Surrounded by nature, these colour pairings are always perfect and well-balanced, without ever seeming out of place. Our aim is not to interrupt or defy the landscape, but rather to blend in with it.
